"High Art" Clothing.

There may be other concerns that make clothing to fit our Southern people as well as **Strouse Bros.** celebrated **"High Art" Brand**, but we have never been able to locate them as yet, nor do we believe any one else has. "High Art" clothing is made in five separate and distinct shapes—the short and stout—young men's—regulars—long and slims and extra large and we can fit any shaped man or boy, but it is especially adopted to our tall, slim, long legged, long armed, long bodied, small waisted Southern folks. "High Art" patterns are the result of 35 years of experimenting, study and experience, and they are well nigh perfect. There is a set of shapeliness about a "High Art" suit of clothes that very few of the high price tailors can approach.

WE SELL "HIGH ART" SUITS

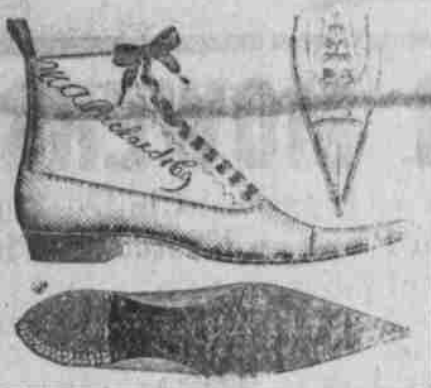

From \$7.50 to \$17.50.

Our stock this season is larger and handsomer than ever before

WOULD BE GLAD TO SHOW YOU.

Everybody invited. Hon. J. H. Lunsford is especially invited and a division of time will be granted.

Few Fans Like This.

While Mr. Webster was once addressing the Senate on the subject of internal improvements, and every Senator was listening with close attention, the Senate clock commenced striking, but instead of striking twice at 2 p. m., continued to strike without cessation more than forty times, says Current Literature. All eyes were turned to the clock, and Mr. Webster remained silent until the clock struck about twenty, when he thus appealed to the chair: "Mr. President the clock is out of order! I have the floor!" To say that a long and loud laugh from every Senator and person in the august chamber was indulged in is a faint description of the merriment this exquisite pun produced.

Ladies Out in Force.

The ladies were out in full force both Thursday and Friday to attend the fall opening of millinery at Mme. Fleurette Levy's. The stock displayed and the beautiful line of pattern hats indicated excellent taste, and a desire to keep up with every thing that was new, novel and pretty. The window decorations were unique and very attractive, and the entire display was excellent. The Leader is always in line and this year Mme. Levy displayed her usual good taste in the selection of her large stock.

BRYAN AND RAIN.

TOGETHER THEY ARE MAKING GLAD HEARTS IN OLD KENTUCKY.

The Young Statesman Sweeps Through the State, Leaving a Trail of Enthusiasm Behind Him.

As nearly as can be calculated at this writing, Mr. Bryan will arrive about 5:30 o'clock this evening. He will speak at 10:30 at Bowling Green and after eating dinner will make the run to Russellville, arriving at or about 2 o'clock. He will again speak and if he makes his usual address of two hours he cannot get out of Russellville until after 4 o'clock. The distance to this city is 54 miles and a special running on fast time could make the run in an hour and twenty minutes, but it is not likely that there will be a clear track and it is hardly probable the Bryan special will arrive before 6 o'clock.

The stop will be brief and only about ten minutes will be taken up by Mr. Bryan.

The platform will be located on the southwest corner of the elevated platform surrounding the L. & N. passenger depot. It will face a vacant lot 100 by 255 feet, with four streets centering in it besides the space occupied by the railroad track and plat forms. Accommodations can be made for at least 6,000 people. No vehicle of any kind will be allowed in this lot and standing room only can be had. This will economize the space and enable more to hear. The depot square will be cleared by noon to day.

Are lights will be put in and the entire surroundings will be brilliantly illuminated. There will be no formalities, as time will be precious. Mr. Bryan will alight within a few steps of the platform, which will be elevated so all can see him. No time will be wasted in introducing him, as he needs no introduction in Hopkinsville, or as for that matter anywhere in the United States.

An escort committee will meet his special train at Russellville and a similar committee from Madisonville will meet it here.

Concluding his brief talk here Mr. Bryan will hurry on to Madisonville, where he will speak to-night.

AT GLASGOW SATURDAY.

Glasgow, Ky., Oct. 9.—W. J. Bryan made the first of his series of Kentucky speeches here to-day. His greeting was a prolonged ovation. People thronged the town by trains and every species of conveyance from far and near. The crowd was the largest that ever assembled at Glasgow. Bryan's speech was an exposition and defense of the Chicago platform.

Mrs. Bryan is with him. They will remain here over Sunday, the guests of Mr. Bryan's cousin.

The speaking began at 2 o'clock, and the court square was packed and jammed. Windows, doors and every place that one can catch a peep at the speaker was at a premium.

Judge Jos. H. Lewis introduced Mr. Bryan.

The Louisville Mayorality Race.

Although the negro vote is nearly 2,000 less than it was in the presidential contest, the total registration is greater.

With over 6,000 votes to the good on the face of the registration and about 5,000 independent voters to draw from, there is no reason why the Democratic ticket should not have a majority anywhere from 7,000 to 10,000.—Louisville Critic.

Well, it's all over but the shouting.

Todd, his A. P. A. Knownothings and niggers have stood up and had themselves counted at the registration and the Democrats have a plurality of over 6,500.

But "it is a cinch," as Chimmie Sowders would say. There will be a supplemental registration which will probably increase the total registered vote a thousand, and it will stand: Democrats 25,000; Republicans 18,000, and miscellaneous 4,500. Weaver can give Todd every one of the miscellaneous votes and beat him by 2,500. But Weaver will get at least 1,000 Republican votes which will increase his majority to 4,500.—Walter Forrester in Capital.

THE DROUTH BROKEN.

Sunday Brings the Best Rain Since May 11th.

The long drouth was ended Sunday afternoon and yesterday morning by several good showers. The rain appears to have been general. All of this section had a good portion, but not enough to raise the streams. Up to yesterday at 2 p. m. the recorded fall in this city was .94 of an inch. The water works company has not turned on water yet. The rise in the reservoir yesterday morning was about four inches.

Some Fine Prices Prevail.

It is estimated that from 25 to 33 per cent. of the tobacco in some sections of the county has been sold in the barn. This applies to the weed in South Christian, as North Christian farmers have sold but little as yet. Last week a number of planters in the Howell neighborhood sold their crops at from \$10 to \$13 round. Buyers are active and have to pay good prices.

Mrs. Dulin's Injuries.

The accident which happened to Mrs. John M. Dulin, at Crofton, last Thursday, was quite a serious one. She fell down a flight of stairs, breaking an arm just above the elbow. She also sustained other injuries, her head and face being badly cut and bruised.

Moody in November.

Mr. W. W. Ware has received a letter from Evangelist D. L. Moody, announcing that he will come to Hopkinsville in November and hold a meeting at the Tabernacle.

He Will Recover.

Ernest Diuguid, the little boy at Sinking Fork, who was so badly hurt by a horse last week, is reported better and there is a good chance for his recovery.

The announcement is made that Dr. Thomas W. Evans, the American dentist, of Paris, whose wealth is variously estimated at from \$30,000,000 to \$35,000,000, will spend a part of that huge fortune in founding and maintaining educational and charitable institutions.

Two thousand employees at the St. Bernard Coal Company and their families spent Saturday at the Tennessee Centennial Exposition, the guests of their employers. Illinois day was celebrated at the Exposition with good attendance.
